The Lands Between is a fantasy realm where the four continents, Tarn, Borei, Magah, and Rol, keep a peace through the balance of power. The gods, the guardians of the lands of the Lands Between, are called Elden Lords, Elden Knights, and Elden Squires. The Elden Lords are the leaders of the different lands of the Lands Between, and their divine powers are bound by the Elden Lordship. People who are willing to seek out and answer the call of the Elden Lords, wielding supernatural weapons known as the strength of the gods, become Elden Knights. The land of Borei has a large lake of mist known as the Elden Ring, where the strength of the gods exists. People who are willing to walk through the misty depths of the Elden Ring and reach the heart of Borei become Elden Lords. Those who gain the strength to wield the mighty weapons that the Elden Lords wield, the strength of the gods, and become Elden Knights, their weapons bind together and become a part of their body and acts as their weapon. The ordinary people of the Lands Between have a hard time finding Elden Lords and Elden Knights, and thus, when they hear the call of the

What is up guys, we are back with another review and this time we have received the latest game from the developer known as J.C.Eagle. It is none other than Eden Ring a new type of fantasy action RPG where players and characters can go through a moral gameplay system using the power of the Elden Ring. The game is developed for PC and an unfinished port has been seen on the PS4. Here are our thoughts. Story Story of Eden Ring is quite simple for an RPG of this nature and that is the reason why it is a good choice for people who are new into the genre. In the game, the story starts off with player taking on the role of Cloud Ki, a character who has just recently got out of jail in the Lands Between. Players get to explore the vast open world and undertake quests as they attempt to finally get out of jail. There is no other story or a set-up other than what has been explained by Cloud Ki in the beginning and that is the truth for the most part. The story is very simplistic, and there is nothing in the game that you won't see in other types of RPG games. You know, monsters, level ups, and many other things. So that is where the story of Eden Ring has an advantage for fans who are just looking for something new but at the same time, that is where the game has an advantage over other similar type of games that are on the market at present. Gameplay When it comes to the gameplay, the game can be considered as a traditional RPG but with a twist. When you enter the game, you basically go through the tutorial or can start off by just starting the game and you can go through the plot as you progress
