Simultaneous pancreas-kidney transplantation in patients with diabetic nephropathy. Simultaneous pancreas-kidney transplantation (SPKT) is now used in type 1 diabetic patients with end-stage renal disease (ESRD). However, many reports from European centers show that SPKT is associated with a high rate of renal graft loss in patients with diabetic nephropathy. We report our experience with these patients in which we modified the immunosuppressive protocol with emphasis on tacrolimus (FK) pharmacokinetic monitoring and early dual kidney transplantation. We performed SPKT in 7 patients with diabetic nephropathy in a single center. In 5 patients a double kidney allograft was performed (DKTx); the other 2 patients received a single kidney allograft with a second, contralateral SPKT. Immunosuppressive protocol included FK, low-dose methylprednisolone, and mycophenolate mofetil. The patients had 5 male and 2 female donors. The mean donor age was 32 years. The mean estimated glomerular filtration rate (GFR) decreased from 20 ml/min before transplantation to 14 ml/min at 3 months posttransplantation and to 8 ml/min at 1 year, but the GFR was stable in the subsequent follow-up period. The patient and kidney survival rates at 1, 3, and 4 years were 100%, 100%, and 100%, respectively. Pancreas allograft loss occurred at 3, 6, 11, and 12 months and was related to acute rejection in one patient

## What's new in My Singing Monsters Playground:

ekatz> anyone here that can help out? follow instructions found on thinkwiki Good luck, mate!  
enrico\_: i did that Ah, good luck and good night. the initial file says to add something like this to it. Edit /etc/default/grub:  
**GRUB\_CMDLINE\_LINUX="(hd1,2) splash \$vt\_handoff"** i added it, but i got "No init found, try passing init= bootarg" For some reason, ubuntu installer won't allow me to install ubuntu on free space partition, it gets stuck at installation stage and it stays there on snowy white and black screen Hey. I have a system with 3 virtual terminals. Using ctrl+alt+F[1-3] shows only a black screen, after which it drops back to login. ctrl+alt+F[X] throws me back to login. Any ideas what this is caused by? i'm not sure why tty2 and tty3 are so messed up, there seems to be no effect of ctrl+alt+[F1-4] AlexQ: hardware or ubuntu installation issues? spr0k3t\_: It has worked on previous installations perfectly AlexQ: I would suggest a forum search for a similar issue... Any bug reports? spr0k3t\_: I don't know if this machine is new or old, it has windows 8.1 preinstalled sveinse, ctrl+alt+f2 should bring you to tty2 spr0k3t\_: Will give a thread for support in ubuntu forum on it where should I post? pavlos: Yes, but after that I'm automatically dropped back to login. Where does that tty2/3 come from, and why have I a login box which only allows to use the default virtual terminal?

Pathfinder® for Savage Worlds: Rise of the Runelords! Book 1 - Burnt Offerings takes place within the Forgotten Realms campaign setting for the Pathfinder Roleplaying Game, and features new content specifically designed for Savage Worlds. Fantasy Grounds® Unity or Fantasy Grounds Ultimate Edition is required to run the content in this adaptation. Please see the included instruction manual (PDF) for step-by-step instructions. Pathfinder for Savage Worlds is supported on Windows 8, Windows 7, Vista, and XP operating systems. Some content may be under development for other platforms, and the status of that support cannot be guaranteed, if it exists at all. Pathfinder® for Savage Worlds: Rise of the Runelords! Book 1 - Burnt Offerings is rated M for Mature (some profanity, and some violence. Some blood). DLC 2: Thassilon's Revenge - Explore the Deepest Secret of the Catacombs of Wrath, the most powerful artifact in all of Faerun DLC 3: The Shrouded Grove - A new settlement that combines the best of the old and the new, the Shrouded Grove is a bold statement to the citizens of Sandpoint as it stands on the site of the greatest cult fortress in the Realms. Virtues of Vending: \*Create characters to be more engaged in combat that do not rely on high levels. \*Utilize fantasy board/card games as a campaign setting. \*Or, better yet, liven up your fantasy board/card game with these rules. \*The Endowment - Starting at 3rd level, you have mastered a body of knowledge and can spend a bonus action to know a few facts about the cultures, monsters, and locations of your campaign setting. Use this action to set aside 1 point from your Gift of Tongues. At the beginning of each hour of play, you can use this action to discard the point to restore your Gift of Tongues. You can use this ability a number of times equal to your Gift of Tongues. After you use this ability, you cannot do so again until you finish a short or long rest. My Thoughts Being a veteran of multiple Pathfinder books, Savage Worlds, and Fantasy Grounds, I was very excited when I received the email from Fantasy Grounds stating they were working on a Savage Worlds book. My mind went to Book 2, Rise of the Runelords, and it gave me visions of the big bad guy in the throne room and the
