(1 votes, average: 5.00 out of 5) You need to be a registered member to rate this. If you are already a member, please log in. A: All the information that you have here is not enough. You say that there is a booter, and you show a booter. But there is still no way to tell which game it is. Is it the original? Is it the Anniversary Edition? We do not know. You need to look

---

at the hashes, and tell us where you found them. The list is very short for the most part, and none of them are the originals. They are booters that have been cracked and the contents re-routed to work with new files. They only recently reappeared in places where it is not likely that their presence is known. Connecting and Protecting Hospitals  
If you would like your presentation to be featured on our blog, please send us a copy before printing. Why did you choose ESG as the service provider that you feel most aligned with? "I choose to work with ESG because of our
