Dragon Bros is a 2D retro run & gun game with two-player support, local co-op and high difficulty setting. This arcade game has awesome gameplay, lots of enemies, weapons to use (laser, shotgun, underwater canon) and a lot of bullets to blow up those enemies. Our goal with Dragon Bros is to create a nostalgic arcade game, inspired in the golden era of the retro games. We wanted to make it super challenging and focused on the gameplay, with an original artstyle. After the past years of working on some games, it's been a long time since we've enjoyed a pure classic arcade game. Therefore, we hope you enjoy Dragon Bros and we'd be very happy if you enjoyed it as much as we did when making it.
