Access To The Device Is Denied Rufus [TOP]

November 16, 2021 - Rufus Write Error [0x00000005] - Access Denied - Solution: Formatting USB to FAT32â€¦ Just posting this as I didn't find this solution on Google/... Maybe someone he knows the solution to this problem. I have Win 7 and have some issues when using USB sticks. I'm testing on Win 7, at work on Win 2008, and on my father's laptop with Win XP. I've tried many settings and combinations that I've found on various forums but can't figure out why the USB isn't working. I've tried several different USB drives from Samsung, Transcend, Western Digital, and Sony, but none of them work.

Access To The Device Is Denied Rufus
